388.1852 State tuition grant program

Sec. 252. (1) The amounts appropriated in section 236 for the state tuition grant program shall be distributed pursuant to 1966 PA 313, MCL 390.991 to 390.997a.

(2) Tuition grant awards shall be made to all eligible Michigan residents enrolled in undergraduate degree

programs who are qualified and who apply before July 1 of each year for the next academic year.

(3) Pursuant to section 5 of 1966 PA 313, MCL 390.995, and subject to subsections (7) and (8), the department of treasury shall determine an actual maximum tuition grant award per student, which shall be no less than \$1,512.00, that ensures that the aggregate payments for the tuition grant program do not exceed the appropriation contained in section 236 for the state tuition grant program. If the department determines that insufficient funds are available to establish a maximum award amount equal to at least \$1,512.00, the department shall immediately report to the house and senate appropriations subcommittees on higher education, the house and senate fiscal agencies, and the state budget director regarding the estimated amount of additional funds necessary to establish a \$1,512.00 maximum award amount. If the department determines that sufficient funds are available to establish a maximum award amount equal to at least \$1,512.00, the department shall immediately report to the house and senate appropriations subcommittees on higher education, the house and senate fiscal agencies, and the state budget director regarding the maximum award amount established and the projected amount of any projected year-end appropriation balance based on that maximum award amount. By February 18 of each fiscal year, the department shall analyze the status of award commitments, shall make any necessary adjustments, and shall confirm that those award commitments will not exceed the appropriation contained in section 236 for the tuition grant program. The determination and actions shall be reported to the state budget director and the house and senate fiscal agencies no later than the final day of February of each year. If award adjustments are necessary, the students shall be notified of the adjustment by March 4 of each year.

(4) Any unexpended and unencumbered funds remaining on September 30, 2017 from the amounts appropriated in section 236 for the tuition grant program for fiscal year 2016-2017 shall not lapse on September 30, 2017, but shall continue to be available for expenditure for tuition grants provided in the 2017-2018 fiscal year under a work project account. The use of these unexpended fiscal year 2016-2017 funds shall terminate at the end of the 2017-2018 fiscal year.

(5) The department of treasury shall continue a proportional tuition grant maximum award level for recipients enrolled less than full-time in a given semester or term.

(6) If the department of treasury increases the maximum award per eligible student from that provided in the previous fiscal year, it shall not have the effect of reducing the number of eligible students receiving awards in relation to the total number of eligible applicants. Any increase in the maximum grant shall be proportional for all eligible students receiving awards for that fiscal year.

(7) Except as provided in subsection (4), the department of treasury shall not award more than \$3,200,000.00 in tuition grants to eligible students enrolled in the same independent nonprofit college or university in this state. Any decrease in the maximum grant shall be proportional for all eligible students enrolled in that college or university, as determined by the department.

(8) The department of treasury shall not award tuition grants to otherwise eligible students enrolled in an independent college or university that does not report, in a form and manner directed by and satisfactory to the department of treasury, by September 30 of each year, all of the following:

(a) The number of students in the most recently completed academic year who in any academic year received a state tuition grant at the reporting institution and successfully completed a program or graduated.

(b) The number of students in the most recently completed academic year who in any academic year received a state tuition grant at the reporting institution and took a remedial education class.

(c) The number of students in the most recently completed academic year who in any academic year received a Pell grant at the reporting institution and successfully completed a program or graduated.

(9) By February 1, 2017, each independent college and university participating in the tuition grant program shall report to the senate and house appropriations subcommittees on higher education, the senate and house fiscal agencies, and the state budget director on its efforts to develop and implement sexual assault response training for the institution's title IX coordinator, campus law enforcement personnel, campus public safety personnel, and any other campus personnel charged with responding to on-campus incidents, including information on sexual assault response training materials and the status of implementing sexual assault response training for institutional personnel.

388.1865 Performance funding; payment conditions; limitation on tuition and fee rates; certification; definitions; uniform reporting requirements; universities exceeding tuition and fee rate cap.

Sec. 265. (1) Payments under section 265a for performance funding shall only be made to a public university that certifies to the state budget director by August 31, 2016 that its board did not adopt an increase in tuition and fee rates for resident undergraduate students after September 1, 2015 for the 2015-2016 academic year and that its board will not adopt an increase in tuition and fee rates for resident undergraduate students for the 2016-2017 academic year that is greater than 4.2%. As used in this subsection:

(a) "Fee" means any board-authorized fee that will be paid by more than 1/2 of all resident undergraduate students at least once during their enrollment at a public university, as described in the higher education institutional data inventory (HEIDI) user manual. A university increasing a fee that applies to a specific subset of students or courses shall provide sufficient information to prove that the increase applied to that subset will not cause the increase in the average amount of board-authorized total tuition and fees paid by resident undergraduate students in the 2016-2017 academic year to exceed the limit established in this subsection.

(b) "Tuition and fee rate" means the average of full-time rates paid by a majority of students in each undergraduate class, based on an unweighted average of the rates authorized by the university board and actually charged to students, deducting any uniformly rebated or refunded amounts, for the 2 semesters with the highest levels of full-time equated resident undergraduate enrollment during the academic year, as described in the higher education institutional data inventory (HEIDI) user manual.

(c) For purposes of subdivision (a), for a public university that compels resident undergraduate students to be covered by health insurance as a condition to enroll at the university, "fee" includes the annual amount a student is charged for coverage by the university-affiliated group health insurance policy if he or she does not provide proof that he or she is otherwise covered by health insurance. This subdivision does not apply to limited subsets of resident undergraduate students to be covered by health insurance for specific reasons other than general enrollment at the university.

(2) The state budget director shall implement uniform reporting requirements to ensure that a public university receiving a payment under section 265a for performance funding has satisfied the tuition restraint requirements of this section. The state budget director shall have the sole authority to determine if a public university has met the requirements of this section. Information reported by a public university to the state budget director under this subsection shall also be reported to the house and senate appropriations subcommittees on higher education and the house and senate fiscal agencies.

(3) Universities that exceed the tuition and fee rate cap described in subsection (1) shall not receive a planning or construction authorization for a state-funded capital outlay project in fiscal year 2017-2018 or fiscal year 2018-2019.

(4) Notwithstanding any other provision of this act, the legislature may at any time adjust appropriations for a university that adopts an increase in tuition and fee rates for resident undergraduate students that exceeds the rate cap established in subsection (1).

388.1865a Performance funding; payments; unpaid amounts; report; distribution formula; score; "Carnegie classification" defined.

Sec. 265a. (1) Appropriations to public universities in section 236 for fiscal year 2016-2017 for performance funding shall be paid only to a public university that complies with section 265 and certifies to the state budget director, the house and senate appropriations subcommittees on higher education, and the house and senate fiscal agencies by August 31, 2016 that it complies with all of the following requirements:

(a) The university participates in reverse transfer agreements described in section 286 with at least 3 Michigan community colleges.

(b) The university does not and will not consider whether dual enrollment credits earned by an incoming student were utilized towards his or her high school graduation requirements when making a determination as to whether those credits may be used by the student toward completion of a university degree or certificate program.

(c) The university actively participates in and submits timely updates to the Michigan Transfer Network created as part of the Michigan Association of Collegiate Registrars and Admissions Officers transfer agreement.

(2) Any performance funding amounts under section 236 that are not paid to a public university because it

did not comply with 1 or more requirements under subsection (1) are unappropriated and reappropriated for performance funding to those public universities that meet the requirements under subsection (1), distributed in proportion to their performance funding appropriation amounts under section 236.

(3) The state budget director shall report to the house and senate appropriations subcommittees on higher education and the house and senate fiscal agencies by September 30, 2016, regarding any performance funding amounts that are not paid to a public university because it did not comply with 1 or more requirements under subsection (1) and any reappropriation of funds under subsection (2).

(4) Performance funding amounts described in section 236 are distributed based on the following formula:

(a) Proportional to each university's share of total operations funding appropriated in fiscal year 2010-2011, 50%.

(b) Based on weighted undergraduate completions in critical skills areas, 11.1%.

(c) Based on research and development expenditures, for universities classified in Carnegie classifications as doctoral/research universities, research universities (high research activity), or research universities (very high research activity) only, 5.6%.

(d) Based on 6-year graduation rate, total degree completions, and institutional support as a percentage of core expenditures, and the percentage of students receiving Pell grants, scored against national Carnegie classification peers and weighted by total undergraduate fiscal year equated students, 33.3%.

(5) For purposes of determining the score of a university under subsection (4)(d), each university is assigned 1 of the following scores:

(a) A university classified as in the top 20%, a score of 3.

(b) A university classified as above national median, a score of 2.

(c) A university classified as improving, a score of 2. It is the intent of the legislature that, beginning in the 2017-2018 state fiscal year, a university classified as improving is assigned a score of 1.

(d) A university that is not included in subdivision (a), (b), or (c), a score of 0.

(6) As used in this section, "Carnegie classification" means the basic classification of the university according to the most recent version prior to February 1, 2016 of the Carnegie classification of institutions of higher education, published by the Carnegie Foundation for the Advancement of Teaching.

388.1868 North American Indian tuition waiver costs; allocation; report; information to be provided by public university; consolidated report.

Sec. 268. (1) For the fiscal year ending September 30, 2017, it is the intent of the legislature that funds be allocated for unfunded North American Indian tuition waiver costs incurred by public universities under 1976 PA 174, MCL 390.1251 to 390.1253, from the general fund.
